PRODUCTION & FILLING ↓

PRODUCTION

DaklaPack have the ability to produce a wide range of flexible packaging all in house in one of our many production facilities, our most commonly produced items are but not limited too high quality Stand Up Pouches, Spouted Pouches, Safetybags and beautiful eye catching plastic envelopes such as our Snazzybags, all of the packaging we produce can be printed in full colour using state of the art techniques, for more information and a portfolio of our work please take a look at our DaklaPack production website.

FILLING

DaklaPack Filling work daily with the handling and filling of many types of powders, fluids even tablets and capsules – all of which in a clean audited environment. For more information on our filling services including case studies of our work – please take a look at our dedicated DaklaPack Filling website.

DAKLAPACK CLINICAL TRIALS

our CARE, our EXPERTISE

DaklaPack can take the hassles and worries of a Clinical Trial out of your hands. Recently contracted by several European Governments to control and fulfil large scale Clinical Trials in The Netherlands and France alone we have more than 22 million participants combined. For more information about our products and services visit our dedicated DaklaPack Clinical Trials website www.daklapackclinicaltrials.com

DAKLAPACK CHINA

our SUBSIDIARY FOR ALL OF CHINA

Our large scale production facility situated in Guangzhou in the south of China, our daily activities include plastic extrusion, full colour rotogravure printing, bag making and spout insertion. Through our large network of Chinese suppliers we are also able to source items we typically wouldn't produce ourselves. For more information take a look at our DaklaPack China website.
